

The Joe Rich Cares Project connecting Joe Rich Community Members who wish to share the wonderful spirit of our very special neighbourhood with fellow Community Members.

Joe Rich Community Cares Project Report

The Joe Rich Community Cares Project was initiated by a group of Joe Rich Residents who recognized that there are families and individuals in our Community who might need a little support or a lending hand. It was kicked off by a great fundraising event at the Joe Rich Fall Fair followed by the JR Winter Holiday Event. Through the very generous donations of our Community Members and Care Project supporters we raised \$1479.35. This enabled the Cares Project to bring a little Holiday spirit into 6 homes right here in Joe Rich in 2021.

Since then the Cares Project assisted a local senior, who was experiencing challenges with ice and snow, get some help, advocated for a family who was having water access issues, provided meals to some residents that experienced a difficult loss and most recently provided assistance to a family who were facing challenges trying to heat their home.

The Joe Rich Cares Project continues to connect our Community Members together to support and share the true spirit of our very special place on Earth. Fundraising is ongoing and further events are in the plans to grow our efforts.
